

DUAL SHOWERHEADS

GENERAL SPECIFICATION

□ **S-2222-HS-CP**

Dual showerhead designed exclusively for Westin® Hotels & Resorts. Two full spray showerheads (50 sprays) with massage spray feature are attached to a solid brass manifold which has a special shut-down button to shut off one showerhead if desired. Chrome finish.

S-2222-HS-CP

□ **S-2252-2**

Polished chrome plated Anystream® dual showerhead. Chrome plate brass manifold. Brass ball swivel joint. Spray adjusting lever handle. 2-3/4" face. 6 Lexan deposit resisting plungers with 48 spray channels per showerhead for a total of 96 spray streams for a full body coverage pattern. The manifold contains a shut off spindle to allow the user to shut off flow to one of the showerheads.
